

Reading Speed Chart

Write your score for each reading passage at the bottom of the chart. Then put an X in one of the boxes above the reading passage number to mark your time for each passage. Look on the right side of the chart to find your reading speed for each reading passage.

Time																					wpm	
1m45s																					229	
1m50s																					219	
1m55s																					208	
2m																					200	
2m5s																					192	
2m10s																					184	
2m15s																					178	
2m20s																					172	
2m25s																					165	
2m30s																					160	
2m35s																					155	
2m40s																					150	
2m45s																					145	
2m50s																					141	
2m55s																					137	
3m																					133	
3m5s																					130	
3m10s																					126	
3m15s																					123	
3m20s																					120	
3m25s																					117
